A. The Promotion

As part of the Colmex Pro interactive activity taking place at the Guy Natan conference on **15 October 2026**, participants will have the opportunity to locate collectible items containing QR codes distributed throughout the conference venue. Participants may scan the QR code on a collectible item to determine whether that item carries a prize. Certain collectible items will entitle eligible participants to a credit, subject to these Terms and Conditions (hereinafter the “**Promotion**”).

- 1. Eligibility:** The Promotion is available to conference participants who locate a winning collectible item, attend the Colmex Pro booth, accept these Terms and Conditions and complete the requirements set out below by 20 October 2026. No deposit is required in order to participate in or receive a prize under this Promotion.
- 2. Promotion Period:** The Promotion begins on **15th October 2026 (“Start Date”)** and is valid until **20th October 2026 (“End Date”)**, unless terminated earlier by the Company. Any winning item that has not been redeemed in accordance with these Terms and Conditions by the End Date will cease to be eligible for a prize.
- 3. Promotion Mechanics and Prizes:** A total of **120 collectible items** containing QR codes will be distributed throughout the conference venue.
Of these:
 - **80 items** will **not carry a prize**;
 - **17 items** will carry a prize of **USD 30**;
 - **20 items** will carry a prize of **USD 100**; and
 - **3 items** will carry a prize of **USD 500**.

Accordingly, a total of **40 winning items** will be available as part of the Promotion.

Upon finding a collectible item, the participant must scan the QR code and submit the requested information. The participant will then be informed whether the relevant item is a winning item and, where applicable, of the value of the prize associated with that item.

Finding or scanning a collectible item does not in itself guarantee a prize.

Account Registration:** Opening a Colmex Pro trading account is subject to the Company's registration process and internal procedures, which may include passing the Company's appropriateness test, being within the Company's positive target market, and approval by the Company. The discovery of a winning item does not oblige the Company to open or approve a trading account where the Company's applicable onboarding requirements have not been satisfied.
